

# INUKSUK FIRE AND SAFETY INC.

*Indigenous-Owned Fire Protection & Industrial Safety Services*

## CAPABILITY STATEMENT

---

### COMPANY OVERVIEW

---

Inuksuk Fire and Safety Inc. is a certified Indigenous-owned company delivering fire extinguisher inspection, maintenance, recharge, and hydrostatic testing, along with pressure washing and industrial safety services, across Northern Alberta. We serve industrial facilities, oil and gas operations, contractor yards, oilfield supply companies, commercial properties, and vehicle and equipment fleets.

Our mobile technicians work on-site at your facility, yard, or lease location, so equipment never has to leave your operation. Every service is completed to NFPA 10, the Alberta Fire Code, and the Alberta Building Code, and fully documented with compliant tags and service records that stand up to audits and client compliance reviews.

### CORE CAPABILITIES

---

#### Fire Extinguisher Services

- Annual NFPA 10 inspections & maintenance
- Monthly inspection programs for high-risk sites
- Recharging and refilling
- Hydrostatic pressure testing
- Tagging, documentation & service records

#### Industrial Safety & Site Services

- Compliance support for audits & inspections
- Fleet & mobile-equipment extinguisher service
- Industrial pressure washing
- Scheduled recurring service programs
- Remote oilfield & lease-site coverage

### WHY INUKSUK

---

- **Indigenous-owned:** helps operators and prime contractors meet Indigenous procurement and supplier-diversity commitments.
- **Mobile & on-site:** we come to you, minimizing downtime and equipment handling.
- **Fully compliant:** NFPA 10, Alberta Fire Code & Alberta Building Code, with complete documentation.
- **Northern-focused:** flexible scheduling and fast turnaround built around industrial and oilfield operations.

### SERVICE AREA

---

Edmonton, Fort McMurray, Athabasca, Lloydminster, and surrounding Northern Alberta communities, including remote oilfield and lease sites.
